DETAILED ACTION

Allowable Subject Matter

1. Claims 1-48 are allowed.
2. The following is an examiner's statement of reasons for allowance:

With regard to claim 1, Pachkovsky, as cited in the IDS of 21 September 2005, discloses an optical disk authentication system of measuring sector size and comparing them to a mark. Pachkovsky, however, does not disclose measuring the quantity of sectors in each way. It would not have been obvious to one of ordinary skill in the art to modify Pachkovsky in this manner. In fact, Pachkovsky teaches away from measuring the size of sectors, and suggests it would only be reliable in combination with other known protection methods.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
